# A Message from the Mayor

Sharron McMillan

The 2024 Budget signifies the second year of Council's four-year term, with a primary objective of balancing the needs of residents and businesses while ensuring financial stability. For the first time, Thames Centre Council passed a Budget Process report, specifically, for the 2024 Budget process.

The following focus areas were approved to guide the 2024 Budget development:

- Develop baseline budget requirements, in order to maintain existing service levels in existing and new growth areas;
- Review and assess impacts of:
  - Phasing service growth
  - Realigning service levels to meet changes in public demand
  - Maximizing eligible reserves to fund one-time operating expenditures
  - Mitigating inflationary impacts through efficiencies and/or alternative service delivery methods through partnerships
  - Greater Advocacy efforts for funding from other levels of government
- Timelines and checkpoints for the 2024 Budget process, including public engagement.

Budget decisions for 2024 closely align with the objectives outlined in Council's 2024-2027 Strategic Plan. Each allocation is strategically designed to support the Plan's pillars and recommendations, ensuring that the Municipality's investments contribute to the long-term growth and prosperity of Thames Centre.

## **Priority Areas**

*Sustainability* Initiatives such as the Tree Planting Program seeing 50,000 trees planted in Thames Centre and efforts to maintain affordable tax levels demonstrate our commitment to sustainability and community well-being.

*Smart Planning* Investments in smart planning operations and preparation for the Community Improvement Plan bolster our municipality's resilience and preparedness for future challenges.

*Community Engagement* The Community Grant Program fosters strong community connections and supports local initiatives that enrich residents' quality of life.

*Active Living* Enhancements to our recreational infrastructure, including trail and park improvements, promote active and healthy lifestyles for our residents.

*Economic Development* The 2024 Support Local Campaign underscores our dedication to bolstering local businesses and entrepreneurs, driving economic growth within our community.

# A Message from the CAO

*David Barrick*

The 2024 Budget presented challenges for the Municipality of Thames Centre: annual budget pressures; economic uncertainty resulting in slower building permit activity and, therefore, collection of fewer Development Charges; higher inflation raising the cost of goods and services the Municipality uses; higher interest rates increasing debenture costs; and, additional operating expenses approved subsequent to the approval of the 2023 Budget that needed to be embedded into the 2024 Operating Budget.

Additional lenses have been applied to the 2024 budget process compared to previous years, including greater transparency, sustainability and a demonstrated respect for tax dollars.

Previously, the Council and the public were presented with budget lines only. Within the 2024 budget process, Council and the public are presented with budget and 'actuals' for 2022 and YTD 2023.

Further, 5-year actual averages were considered for the proposed 2024 operating budget rather than looking at previous year budgets only and adding inflation. The result is a clearer picture how tax dollars are spent and allows them to be used with greater efficiency. On the capital side, Capital Business Case templates were created and used to prioritize requests based on urgency and requirements across departments.

Project Management principles, practices, templates, tracking, accountability and project teams/charters will be implemented in 2024 to directly address the significant increase in capital projects that were not completed and ensure they are properly financed. In other words, ensuring projects are completed on-time and on-budget moving forward.

Totaling \$33 million, the budget allocates \$24 million for operating expenses and \$9 million for capital projects, with a particular emphasis on critical infrastructure investments in roads and buildings. Notably, the budget features an overall inflationary tax levy increase of 3.4%, while maintaining Water/Wastewater rates at 2023 levels; or 0% increase.

A significant portion of the property tax increase, 2%, is attributed directly to the FlightExec Centre Renovation project and mandatory increases, 0.4%, from the Upper Thames River Conservation Authority (UTRCA). Further, a 1% annual Capital Infrastructure Levy is applied to address both the risk of Capital and Development Charge (DC) reserve depletion as well as debenture/loan repayments funded through anticipated future Development Charges that are no longer coming in as previously predicted. Despite these necessary expenditures, the Municipality is dedicated to mitigating the impact on taxpayers. To underscoring this commitment to affordability, there is a zero tax increase for the operational budget.

Of note, we have implemented in 2024, for the first time, 'Questica Open Book,' a public facing online data transparency tool that will allow residents to visualize the 2024 Budget for more effective citizen engagement.

In conclusion, the 2024 Budget reflects the Municipality's commitment to prudent financial management and strategic investments. Despite the challenges ahead, we remain steadfast in our dedication to serving our residents with integrity and transparency.

# About Thames Centre

Thames Centre, located in Middlesex County and along the eastern boundary of the City of London, seamlessly blends urban and rural living while fostering a business and economic environment that encourages the creation of new businesses, expansion of existing businesses, and the attraction of companies that generate meaningful employment, create regional wealth, and share the community's values. With proximity to London and St. Thomas, residents enjoy city amenities and rural charm.

# 2024-2027 Strategic Plan

The Municipality of Thames Centre continues to work to develop the Municipality through responsible management and their commitment to our community. The Strategic Plan serves as a guiding light for municipal decisions throughout the Council's term. The Strategic Plan comprises 5 strategic pillars.

## Smart Planning

A commitment to informed decisions for community growth while maintaining a cherished "hometown feel". Increased transparency in decision-making, better communication of local events, and essential municipal information are paramount.

## Community Communications & Engagement

Heightened communication channels between the Municipality, Council, and residents, fostering transparency in decision-making around budgets, planning, and infrastructure. Emphasis on enhancing communication about annual community events is prioritized.

## Active Living

Expansion and improvement of recreational services accessibility and programs, particularly targeting youth and seniors. Aligning service growth with community needs remains a key goal.

## Economic Development

Efforts focused on retaining and attracting businesses to enrich local amenities and facilitate accessibility through active transportation. Supporting existing businesses while attracting new ventures is a strategic priority.

## Sustainability

A prioritized goal to ensure that the Municipality maintains fiscal prudence, along with affordable and sustainable taxation levels.

The Strategic Plan is used by Thames Centre to align corporate goals and annual budgets with Council priorities. The Municipality continues to work to ensure that stakeholders remain healthy, engaged, and receive excellent services.

The 2023 Budget is in alignment with the existing Municipality of Central Elgin Strategic Plan. Future budgets will be aligned with the 2023-26 Strategic Plan that is expected to be completed in 2023 with the 2022-2026 Council of the Corporation of the Municipality of Central Elgin.

# Budget Overview

The preparation and adoption of the municipal budget are statutory requirements outlined in the Municipal Act, 2001. This document, while a financial framework, goes beyond the numbers, serving as a policy and planning tool that reflects the priorities of Thames Centre. Crafting a budget is a delicate balancing act, often involving trade-offs between competing interests and needs of the community and organization.

Integral to our budgeting process is stakeholder engagement and alignment with Council's 2024-2027 Strategic Plan. The priorities identified in this plan guide our decisions and shape our budgetary allocations.

Each year, Municipal Council approves both operating and capital budgets, detailing how finances will be utilized to serve stakeholders. While the operating budget addresses day-to-day expenses, the capital budget tackles major infrastructure requirements. Funding sources include property taxes, user fees, reserves, development charges, debt, and grants. Efforts are consistently made to secure competitive grants to supplement existing revenue streams.

Our budgetary approach aims to maintain existing service levels while minimizing the impact of tax increases on residents and businesses. The 2024 Budget was strategized to ensure continuity in service delivery while investing in the long-term sustainability of our essential infrastructure.

Waste Water Services includes Waste Water Administration, Catherine Street Waste Water Treatment Plant, Dorchester Waste Water Treatment Plant and Thorndale Waste Water Treatment Plant. Waste water systems utilize full-cost accounting wherein municipalities must ensure that sufficient revenues are generated to recover the cost of system services including operation, maintenance, administration, capital investments, rehabilitation and replacement of assets.

Water Services include the Water Distribution System, Dorchester Water Treatment Plant, Thorndale Water Treatment Plant, Water Tower Operations and Well Maintenance. Water systems utilize full-cost accounting wherein municipalities must ensure that sufficient revenues are generated to recover the cost of system services including operation, maintenance, administration, capital investments, rehabilitation and replacement of assets.

# APPENDIX A RESERVE POLICY

**Policy:** Reserve Policy

**Policy Number:** CP-I-1.1

**Effective Date:** May 9, 2016

**Revised Date:**

---

## RESERVE POLICY

**Purpose:**

**Policy:**

A financially sustainable municipal government provides an optimal mix and level of services to citizens within available means while proactively taking measures to preserve the ability to continue providing value in the long term. Reserves are established to accomplish this goal.

The objective of the reserves policy is to ensure adequate working capital is available for cash flow and contingency purposes, and as a source of funding and planning for capital requirements, while maintaining reasonable tax rates and user fees.

**Procedures:**

### 1.0 Authority

#### 1.1 Municipal Act, 2001

- 1.1.1 Subsection 290 (3) – in preparing the budget, a local municipality may provide for such reserves as the local municipality deems necessary.
- 1.1.2 Section 293 – specifies that the Minister may make regulations requiring a municipality to establish a reserve fund designated for prescribed liabilities, defining "liabilities", requiring a municipality to make payments into the reserve fund, prohibiting the municipality from changing the purpose for which the reserve fund is designated; and prescribing the conditions under which the municipality may change the designation of all or any part of the reserve fund, and borrow from the reserve fund.
- 1.1.3 Section 417 – allows a municipality to provide in its budget for the establishment or maintenance of a reserve fund for any purpose for which it has authority to spend money and that a municipality may by

by-law provide that the money raised for a reserve fund may be spent or applied to a purpose other than that for which the fund was established.

## 2.0 Principles and Objectives

- 2.1 The Municipality of Thames Centre recognizes that the strategic use of Reserves and reserve funds is an essential part of long term corporate financial planning. In addition, reserves and reserve funds shall receive priority consideration for the distribution of surplus funds and non-recurring revenues.
- 2.2 Reserves and reserve funds may be established for any purpose deemed necessary by resolution of Council, or if required in accordance with Provincial statute. Typical uses of reserves are for contingencies, stabilization purposes and capital financing.
- 2.3 Reserves and reserve funds may be closed only by resolution of Council.
- 2.4 The Treasurer is authorized to process transfers to and from reserves and reserve funds in compliance with the sources and uses listed in Appendix "A", which forms an integral part of this policy, and in accordance with annual operating and capital budgets.
- 2.5 Reserve transfers not part of the annual operating or capital budget or set out specifically in this policy must be approved by Council prior to any transfer occurring.
- 2.6 Target balances, funding sources and uses of reserves and reserve funds are set out in Appendix "A".

## 3.0 Reserves and Reserve Fund Categories

Appropriate balances shall be maintained reflecting the nature of the accounts, such as:

- 3.1 **Stabilization Reserves** – used to offset extraordinary and unforeseen expense requirements, one-time expenses and revenue shortfalls to avoid significant fluctuations on the general tax levy, user rates and to manage cash flows.
  - 3.1.1 Property Tax Rate Stabilization Reserve (PTRS)
  - 3.1.2 Water Rate Stabilization Reserve (WRS)
  - 3.2.3 Wastewater Rate Stabilization Reserve (WWRS)

- 3.2 **Government Funded Reserves** – established to track the revenues Received from the Provincial and Federal Governments for specific services. Funding received from other levels of government will be used in future budgets as per the guidelines or requirements of each program.
  - 3.2.1 Federal Gas Tax
- 3.3 Operating Reserves – established to provide for various contingent and potential future liabilities.
  - 3.3.1 Legal
  - 3.3.2 Council Election
  - 3.3.3 Insurance
  - 3.3.4 Planning & Development
  - 3.3.5 Building (CBO)
  - 3.3.6 Economic Development
- 3.4 **Taxation Capital Reserves** – used to fund specific replacement or renewal of capital assets. As the assets of the municipality increase, so should the contribution from the Operating Budget to these reserves for the replacement and refurbishment needs of the underlying capital assets, based on lifecycle costing.
  - 3.4.1 General Government
  - 3.4.2 Information Systems
  - 3.4.3 Protective Services
  - 3.4.4 Transportation Services
  - 3.4.5 Fleet (municipal wide)
  - 3.4.6 Environmental Services
  - 3.4.7 Health Services
  - 3.4.8 Community Services
  - 3.4.9 Municipal Drains
- 3.5 **Rates Capital Reserves** – used to fund capital and emergency capital expenditures in accordance with Thames Centre Water / Wastewater sustainability plan.
  - 3.5.1 Water
  - 3.5.2 Wastewater
