

**Notice of upcoming Public Information Centre (PIC)
Porters Subdivision Watermain Replacement and Road Reconstruction – Phase 1
Dorchester, Ontario**

The Municipality of Thames Centre will be implementing the Watermain Replacement and Road Reconstruction of Porters Subdivision – Phase 1 in 2022. A Public Information Centre (PIC) will be held to provide and update on reconstruction activities and timing.

The 2022 Phase 1 reconstruction area will include David Street, Patricia Ave, and Ross Ave from David Street East. The map below depicts the 2022 construction area.

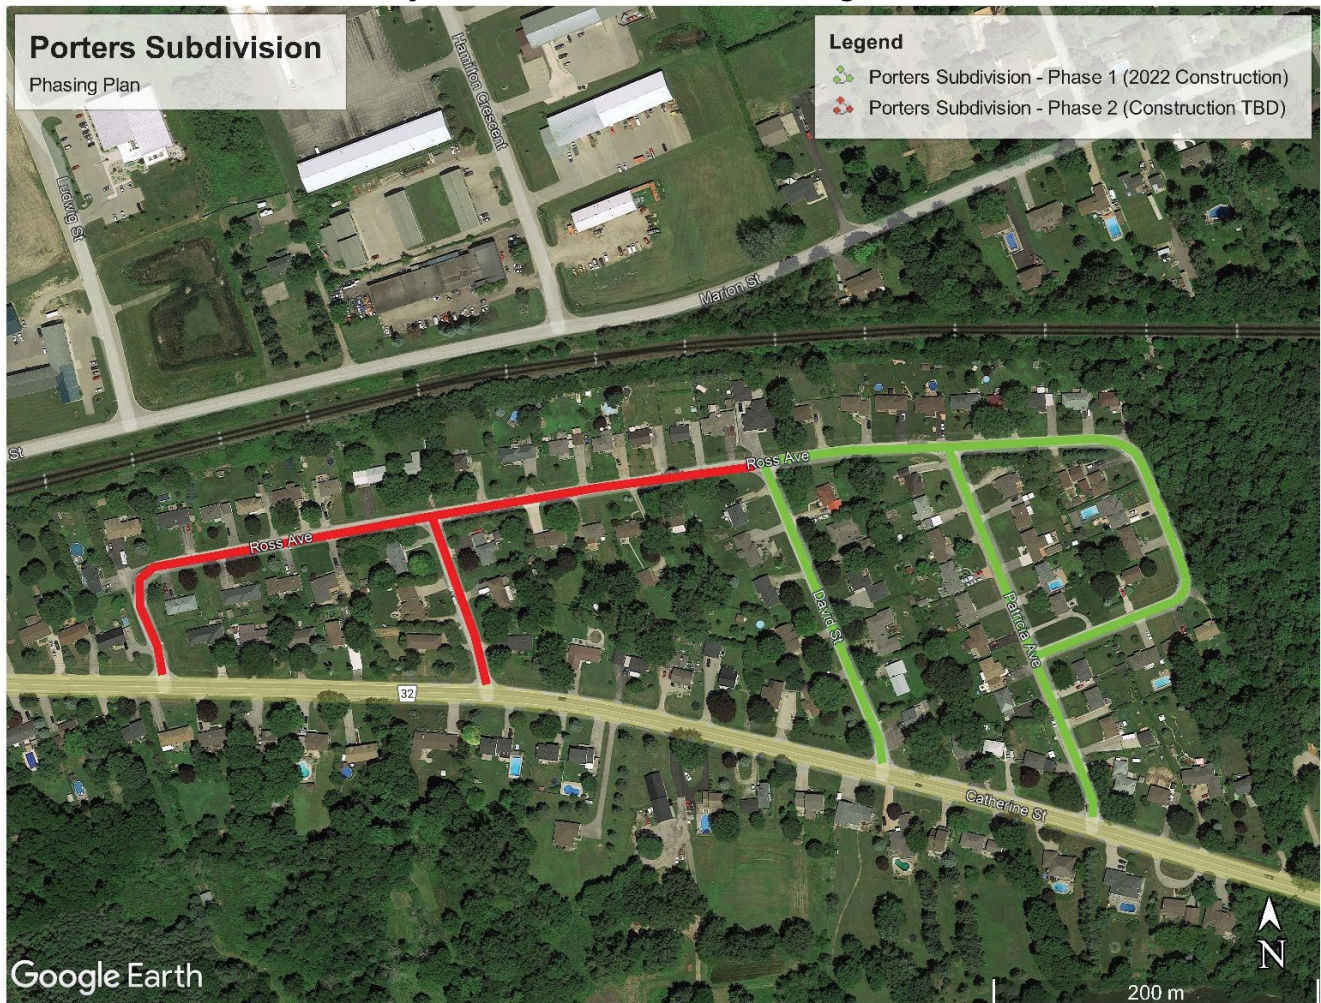

The reconstruction work will include complete reconstruction of the roads, implementation of curbs and sidewalks, replacement of the watermain, and upgraded storm sewers.

The PIC is being held to provide information to any interested parties about the project design, construction timing, etc. and to answer any questions that may arise. The PIC will be held on:

**Wednesday, June 8, 2022 – 5:00 pm to 7:00 pm
Flight Exec. Centre (Auditorium Room)
2066 Dorchester Rd, Dorchester, ON N0L 1G2**

The PIC will follow an open house format with the Municipality and Consultant staff available to answer any questions.

Project Construction Area/ Phasing Plan
