

**Municipality of Thames Centre**  
4305 Hamilton Road  
Dorchester, ON  
N0L 1G3

## Septic Maintenance Questionnaire

<b>PROPERTY ADDRESS*</b>	
<b>PROPERTY OWNER NAME*</b>	
<b>PHONE NUMBER*</b>	
<b>E-MAIL</b>	
<b>ROLL NUMBER</b>	

**To assist the Municipality with your septic inspection, please answer the following:**

1. Approximate age of septic system:
2. Has there been any recent problems with the septic system?
3. Do any strange odors come from your septic system?
4. Approximate year the septic tank was last pumped out? If you don't know, please indicate this.
5. Are there any 'mushy' areas in the yard in the vicinity of the septic system?
6. Do you have water softener? Do you know where it discharges to?
7. Is your septic system a 'traditional' type of system? Or is there a 'specialized treatment' component?

**Please return this form to the municipality by October 7th, 2022 through one of the options below:**

- Email to [building@thamescentre.on.ca](mailto:building@thamescentre.on.ca)
- Mail to the office
- Utilize the drop-box at the office doors

**Thank you very much for your cooperation and understanding.**

The Ontario Building Code requires that septic system maintenance inspections occur every five years for properties within a Wellhead Protection Area. The information gathered during this inspection will be maintained until the next inspection of this property.
